

Small Wind Turbine System Certification

Certificate Number: US-SWTC-UW001

Issued To: UrbanWind Technologies, Inc.

Address: 1234 Innovation Dr. Suite 500, San Francisco, CA 94103

Product:

- ResidentialBreeze™ (1-3 kW)
- CommercialGust™ (5-20 kW)

Certification Date: 1/15/24

Expiration Date:1/15/26

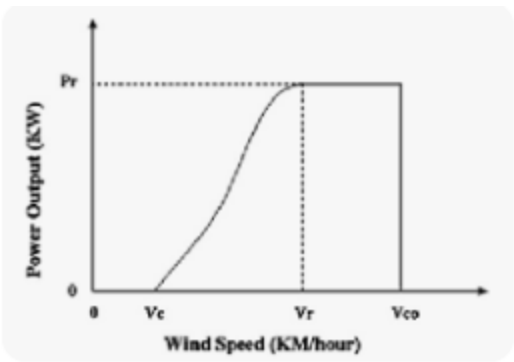

Certification Body: National Renewable Energy Laboratory (NREL)

Standards Met:

- AWEA Small Wind Turbine Performance and Safety Standard 9.1
- IEC 61400-2: Small Wind Turbines
- UL 6142 for Small Wind Turbines

Certified Performance:

- Power Curve:

- Annual Energy Production (AEP):

Turbine Model	Average Wind Speed (m/s)	AEP (kWh/year)
ResidentialBreeze™	5	3,000
ResidentialBreeze™	7	5,500

CommercialGust™	5	15,000
CommercialGust™	7	28,000

- Sound Power Level: <35 dB(A) (ResidentialBreeze™), <40 dB(A) (CommercialGust™)
- Survival Wind Speed: 140 mph

Additional Notes:

- This certification is valid only for the specified UrbanWind Technologies products and models.
- The certified performance is based on testing conducted under specific conditions and may vary in real-world applications.
- UrbanWind Technologies is responsible for maintaining compliance with the applicable standards and reporting any changes to the certification body.

Certification Seal:

National Renewable Energy Laboratory (NREL)
