Marcus Blackwood presented the financial results for Q1 2023:

- **Revenue:** \$850,000
- **Expenses:** \$900,000
- **Net Loss:** \$50,000
- **Cash Balance (as of March 31, 2023):** \$1,200,000

Mr. Blackwood highlighted that the company had met its Q1 revenue projections and significantly reduced its quarterly net loss compared to previous quarters. The board discussed the positive trajectory and its implications for the ongoing Series A funding round.

4. Series A Funding Round Update

Elena Rodriguez and Alexander Greenfield provided an update on the Series A funding progress:

- Multiple investor meetings have been held, with strong interest from several venture capital firms.
- Due diligence process is underway with two potential lead investors.
- The board discussed the current term sheet offers and strategies for negotiation.
- The funding round successfully closed in early May 2023, raising \$10 million at a pre-money valuation of \$40 million.

5. Product Development and Commercial Rollout

Dr. Rachel Chen reported on product development and commercial rollout plans:

- All three pilot projects continue to show strong performance.
- The R&D team has successfully implemented optimizations for low-wind conditions, increasing energy output by 15% in these scenarios.
- Manufacturing partnerships have been finalized for full-scale production.
- The first commercial installation is scheduled for July 2023.

6. Marketing and Business Development Update

Sarah Johnson presented the Q2 marketing initiatives and early Q3 plans:

- The company's presence at two major industry conferences resulted in 50+ qualified leads.
- The thought leadership content series has gained traction, with articles featured in two prominent industry publications.
- A new partnership with a major urban development firm was secured, with plans for multiple installations in their upcoming projects.
- Q3 plans include the launch of a targeted digital advertising campaign and the development of a comprehensive case study based on the pilot projects.

7. Operational Scaling Plans

Elena Rodriguez led a discussion on operational scaling in preparation for commercial rollout:

- The board reviewed and approved plans to expand the team, including key hires in engineering, sales, and customer support.
- Office space expansion plans were presented to accommodate the growing team.
- The board discussed and approved the implementation of new project management and CRM systems to support growth.

8. Corporate Governance

The board discussed and approved the following governance matters:
